Protect Precious Eyesight
See your nearest lamp bulb dealer today. Get the bulbs you need to protect your family's eyesight.

Fill Empty Sockets — Put in Right Size Bulbs for Easy Seeing

Tonight, look around at the lighting in your home. If a lamp or lighting fixture seems dim, look at the light globe. If it is darkened with age and use, it is not giving you the light you are paying for and will soon burn out. Then count the empty sockets and the small-size bulbs that were put in temporarily some time ago.

Make a list of the lamp bulbs needed to restore bright, new lighting throughout your home. Take this list with you when you go shopping. You will find the lamp bulb supply is now plentiful. Good lighting is inexpensive. Use plenty of it.

TRUCKEE PUBLIC UTILITY DISTRICT
A TAX SAVING PUBLIC ENTERPRISE

Living Room. Protect your family's eyesight. 150-watt bulb is right size for many reading lamps.

Kitchen. For that overhead light in the kitchen you need at least 150-watts. Be sure you get right size lamp bulbs.

Child's Study Lamp. Young eyes are too precious to risk. Better get a 150-watt bulb for your child's study lamp.

Swim Meet At Tavern Aug. 11

TAHOE CITY—Coach Harry Pierson of Tahoe Tavern announces the program for the Lake Tahoe swimming and diving championship to be held on Sunday, August 11, at the Tavern pool at 2 o'clock PM. No entry fee will be charged and awards will be ribbons and medals. Trophies for sportsmanship will also be given. Entries close on Thursday, August 8, with Pierson at the Tavern.

Competitors will have a free period of training on Saturday, August 10, from 8 to 9:30 AM and from 4:30 to 5:30 PM. All heats will be held on Sunday at 9:30 PM, August 11.

Junior Events

1. Exhibition, children under 10.
2. Boys, 12 and under, 25 yard free style.
3. Girls, 12 and under, 25 yard free style.
4. Boys, 16 and under, 50 yard free style.
5. Girls, 16 and under, 50 yard free style.
6. Diving, boys, 16 and under. Low board diving, five required dives.
7. Diving, girls, 16 and under, low board diving, five required dives.

On the latter two events, none of the first four dives can be repeated, one dive is optional. Medals will be awarded for first, second and third places in the above events.

Senior Open Events

- Men's 50 yard free style.
- Women's 50 yard free style.
- Men's 200 yard free style relay, eight lengths, two lengths each. Winning team to receive four gold medals.
- Women's 200 yard free style relay. Same as men's free style relay.
- Men's diving, low board, four dives required, none repeated, one optional.
- Women's diving, same as men's diving event.

First, second and third place medals in two events. Roos Brothers will hold a fall and winter fashion show at the end of the awards.

1,000 Yard Event Aug. 18

On August 18 the Lake Tahoe sky-high long distance swimming championship will be held over a 1,000 yard course in the lake around the Tavern pier. The first event will be for boys and girls 16 and under. The senior open event will follow. There will be awards for 1st, 2nd and 3rd places.

Navy Releases 2,792,303 Since August 17th, 1945

The U. S. Navy demobilized 51,217 of its personnel in the week ending July 13, to bring its total since August 17, 1945, to 2,792,303 and remain ahead of schedule. The total strength of the Regular Navy is now 523,330, including 36,463 officers and 486,867 enlisted men. These totals result from 265,230 Regular Navy first enlistments, enlistments in the Regular Navy from reserves and inductees, reenlistments and extensions since the surrender of Japan.

Canada contains 27 per cent of all the land in the British Empire.

South Tahoe Resort Man Is Fined Heavily For Cutting of State's Trees

SACRAMENTO, Aug. 1 —(U.P.)—The Division of Highways announced this week that it will prosecute any person who cuts down or otherwise destroys any trees or shrubbery growing on state-owned highway property.

To emphasize the severity of the offense, State Highway Engineer George T. McCoy referred to a penalty recently imposed on an owner of a Lake Tahoe resort who, without proper authority, ordered the cutting down of 56 tamarack and 85 pine trees which lined the highway in front of his property.

The owner, Fil Gianatti of Bijou and proprietor of Connelley's Bijou Inn, was found guilty of illegal destruction of state property and fined \$1,500, part of which will be used to purchase new plantings to replace the cut down trees.

"We hope that the penalty assessed against Mr. Gianatti will deter

OPA Restaurant Price Regulations

The Pricing division of the OPA Pacific Regional Office this week received from Washington the following interpretation of policy regarding e-control of restaurant prices:

1. All restaurants are required to establish maximum prices for all items.
2. For those items the major ingredient of which is not now under control, the maximum prices shall be determined by applying the margin for that establishment to the raw food cost.
3. his margin may be determined by subtracting raw food costs for the three-month period April, May and June, 1946, from sales during that same period.
4. Prices so determined shall be filed with local Price Control Boards.

Siskiyou is an Indian word meaning "bob tailed horse."

others from illegal cutting or defacing of trees growing on state-owned highway property," McCoy warned.

Seven months after V-J Day, the Veterans Administration had paid out more than \$800-million in World War II death benefits and disability awards.

MANY GUESTS VISIT LAKE TAHOE HOMES DURING WEEK PAST

TAHOE CITY—Guests at the Ray Kelly home in Timberland Tract last week were Mrs. Vivian Rees and son Gary of Fairfield, Mrs. Isabella Ray and her daughter, Mrs. Matthew Kelly, both of Portland, are spending the summer at Tahoe with the latter's two children. On Saturday night, her house guests and Mrs. John Shell and son, Douglas, of Homewood enjoyed dinner and an evening of dancing at Cal Neva.

Weekend guests at the lakeshore home of Mr. and Mrs. Art Sather of Homewood included Mr. and Mrs. Joseph Royer and Mr. and Mrs. Maurice Mahan of Roseville. Visitors at Sather's for a week were their niece, Miss Valda Powell, formerly a lieutenant in the army nurse corps, who was stationed overseas for two years where she administered to prisoner of war and war brides. She was accompanied by her friend, Miss Joyce Jones, of Maxwell.

Guests at the Timberland Tract summer home of Mr. and Mrs. J. G. Baldocchi last week were Mr. and Mrs. Albert Parenti, their daughter, Tosca, and son, Gilbert, of Chicago. The Parentis were en route home following a motor tour of California, this being their first visit to Tahoe. They were thrilled and hope to return soon. Other guests through the week were Mr. and Mrs. A. Lazzerini of San Francisco, Mr. and Mrs. Q. Del Coletti of Antioch, Mr. and Mrs. S. Enea of Pittsburg and Mr. and Mrs. Louie Gianni of Byron, who were married two weeks ago in Oakland and spent their honeymoon at Chambers' Lodge. She was the daughter of Mr. and Mrs. Guido Pasquini. Spending the summer with his grandparents is Gerogie Baldocchi of Sherman Island.

Mr. and Mrs. M. A. Lopes of Timberland left again for their San Leandro home on Saturday last. Guests who visited with them during the past week included Mr. and Mrs. William Wright of Oakland, and Mr. and Mrs. G. Frates and Mr. and Mrs. Don Fraga, all of San Leandro. During their stay dinner was enjoyed by the group at Forest Inn.

NORTH TAHOE VETS FILE APPLICATION FOR VFW CHARTER

KINGS BEACH—Otis Wing, 13th district deputy chief of staff for the Veterans of Foreign Wars, announced this week that a post is being organized at Kings Beach, Lake Tahoe. Wing stated that 19 veterans have signed the charter roll of the new group which will be known as Lake Tahoe Post. Officers of the new post are W. H. Dugan, commander; R. H. Brady, senior vice commander; D. B. Shubert, junior vice commander; H. T. King, quartermaster, and U. G. Perry, chaplain.

Customer Uproots Gas Pump at Lake Garage

TAHOE CITY—A. M. "Joe" and Marie Henry and their son, Al, of Henry's Garage in town will not be quite so busy for the rest of the summer as they have been to date. On Monday a customer, Mrs. Mary Yelland, miscalculated her distance in driving in for service and broke off their ethyl pump right at the base. The pump cannot be replaced so the Henry's will be minus one pump for some time now.

Jim Wilson and Willie Arnold enjoyed a successful fishing trip over Saturday and Sunday into the Rubicon River and Rockbound Lakes region, their limits including rainbow and eastern brook trout.

Tahoe Building Stalled By CPA Suspension Order

By SWANEE

TAHOE CITY—All of Tahoe is generally perturbed at the sudden, unexplainable conditions which now exist regarding the cessation of new building around the lake. I have talked to contractors and lumber dealers in the district and find them all equally nonplussed at the unexpected trend of events here. It seems the problem is not local but nationwide. Business men have not been informed as to when or how the damper will be lifted and until that time arrives, most of them are hot under the collar and not without just cause.

Sam Goss, local business agent for the carpenters' union, was one of the first I called in an effort to plumb the sudden quandry. He informed me that agents of the Civilian Production Administration, out of Reno, arrived about ten days ago to make an inspection tour of the Tahoe area. They are merely making a complete check of all jobs, securing all statistics and then sending their reports in to San Francisco. Orders regarding the fate of the various jobs in question come from headquarters, not from the inspectors. To date, Goss knows of 17 new jobs which have been closed down and more are being anticipated daily. Stop orders are just being received now on houses which were first inspected and those not complying to the "cease building" orders are liable to a five year penalty even when restrictions have eventually been lifted from all materials—should that time ever arrive.

There are many phases of the problem which are hard to understand, one being why it should be lawful to purchase available lumber when it is not lawful to build without priority. Goss declared that people are not building with unlawful intent and that most of them attempted to secure information beforehand regarding their eligibility to build—without success. Various governmental sources were contacted but the information was not forthcoming so they took a chance and started their homes. Now, Goss estimates, over 300 carpenters, between 50 and 60 per cent of them veterans, are already out of work and by August 15, if the current procedures continue, there will remain but approximately 50 carpenters at work in the entire lake region. Thirty days ago there were 483 carpenters employed in the Tahoe area—140 of these are still working. Each day cars filled with carpenters, plumbers, laborers, etc., stop at his home in an effort to find work here, as their jobs all over the state have been closed. Many come from the bay area and some even from southern California. An average of 200 a week, he reports,

come to Tahoe looking for work.

Goss stated that he had just received word from Washington, D. C., that before long there will remain but 165,000 construction jobs under way in the entire United States, with only approximately 100,000 workers employed on them. He declares that while lumber is obtainable, nails are not and that the first class lumber is being shipped out by boat loads for reconstruction of war-torn countries overseas. Too bad the loyal, long suffering, patriotic Americans who did so much to help win the world's greatest war aren't entitled to at least a fraction of it. About four months ago, Goss estimates, 89,000 letters were written by members of the American Federation of Labor to their congressmen in Washington, protesting the present management of building affairs in general. One congressman wrote Goss that such demonstrations were useless, as only about one letter out of every thousand was ever read. The government, he declared, has no agency to read the correspondence of the common people.

The regulation, stating that no home could be built this summer that had not been started prior to March 26, is strictly that—a regulation, not a law. It is said by some experts that the ruling would prove just as unconstitutional if brought before the Supreme Court as the late NRA.

Norman Mayfield, who on Monday motored to Reno with Charles Cross of the Truckee-Tahoe Lumber Company, is hopeful though not certain that the present policy of the CPA is only temporary. Even after consulting with CPA authorities in Reno, he and Cross received little information on the problem. He believes that the Lake Tahoe region received much unfavorable and distorted publicity at the beginning of the season because of the enormous volume of building, some of it regarded as primarily non-essential. Legitimate and needed building, because of this, is being made to suffer with small, independent contractors being hit hardest. On his own payroll, 12 men recently laid off with his regular crew were veterans—the men to whom America promised good jobs and happy homes after they had finished their stint of killing Japs and Germans.

Mayfield believes that when all the jobs have been checked and reports turned in, this period of inactivity will end and permits will again be granted for all legitimate building. The present check is supposed to be of aid to the veterans who will be given priority on all lumber and building materials, but how many

FORESTERS FIGHT LIGHTNING FIRES AFTER BIG STORM

TAHOE CITY—Army Capt. James McWilliams was cited by Fred White of Tahoe Public Camp Grounds forest service on July 5 for burning-in front of his Tahoe Pines home without a permit. He was fined \$25 when he appeared before Justice of the Peace Evelyn Bliss on July 22.

Four lightning fires were extinguished by forest service during the electric storm last week in the Mt. Lincoln area 13 miles northwest of Truckee. White admits the recent rains aided considerably in temporarily dampening the forests against fire but that most of that moisture is already out of the trees and ground. Continued caution must be observed by those frequenting the forests in guarding against fires.

Subscribe to the Sierra Sun.

veterans, he asks, can afford right now to build a \$5,000 home for approximately \$12,000? There are not many such veterans' projects in the Tahoe area but what there are, it is certain, will be completed. Contractor Mayfield, like so many others, operated throughout the war years at ten per cent normal capacity and without complaint. Now that the war is over, he is still operating at only 20 per cent of normal capacity—a fine return on a legitimate business investment.

I am informed that remodeling on private homes up to \$400 can still be done and business houses may spend as much as \$1,000—cost to include material and labor.

GIRLS GO TO CAMP AS SCOUTS RECESS 'TIL SEPTEMBER 5

TAHOE CITY—Mrs. William Boorman, leader of the Tahoe Girl Scouts, announces this week that scout meetings will be discontinued for the summer until Thursday, Sept. 5. Three Girl Scouts from Tahoe left Monday for Lake Nakopen, a summer scout camp located about 200 miles north of Reno near Silver Lake. They are the Misses Myra Lee Pollitt, Lucille Haugen and Betty Joy Boorman. They will vacation for a period of two weeks.

A new semester started at Tahoe branch of Placer Union High school on Monday and will end Sept. 14th.

Jim Snells Celebrate 40th Anniversary at Dinner

NEVADA CITY— Mr. and Mrs. James Snell with their children and

grandchildren, celebrated their 40th wedding anniversary with a dinner at Deer Creek Inn Saturday night. Besides the honorees, 15 members of the family attended.

Wyethia Speaker Stresses Women's Clubs Program

The Wyethia Club and the Tahoe Women's Club welcomed members for a federation day program in the local clubhouse on Thursday, July 18. Mrs. Earl J. Hazelton of Orland, the president of the northern district of the California Federation of Women's Clubs, spoke on "Why Federate" and "Women's Responsibilities in a World of Peace." She mentioned that there are 4500 members in the northern district, which represents 70 clubs, and the influence of such an organized group.

Among the projects being sponsored by women's clubs, Mrs. Hazelton mentioned were out patient psychiatric clinics with mobile trailers for more inaccessible localities. The aim is that an early examination on preventative lines which would avert the later development of mental patients which is becoming an ever greater problem all over the country.

Scholarships are to be created for those who are interested in studying occupational therapy. Trained instructors are needed for this work. Mention was made of the Youth Conservation Fund which is a national project and examples were given of what some clubs are sponsoring, such as self-maintaining swimming pools, soft ball leagues and youth centers.

Mrs. Hazelton asked that the clubs interest themselves in legislative matters; that qualified voters be registered; getting out the voters and, as individuals, contact the proper congressmen regarding specific subjects.

She was most interested in what our local club has been doing in civic work and asked that a detailed report be sent to the district chairman regarding our safety project. Other plans she noted were hospital, health clinics, swimming instructor, garden show and silver tea.

The Tahoe Club furnished piano selections by Mrs. Lorene Mahurin, which were enjoyed by the members.

The tea hostesses were Mrs. Ben Callender and Mrs. Floyd Carnell of Tahoe and Mrs. Robert Gifford and Mrs. M. E. Brown of the Wyethia.

Quick Action Recovers Car Stolen at Lake Tahoe

TAHOE CITY— Turner F. Hough, 9, former employee of the Truckee Tahoe Lumber Company, was taken to the jail in Auburn by Constable Larry Johanson last week when he was allegedly apprehended with the car of Richard H. Shainwald, guest at Tahoe Tavern, which had been stolen from the tavern garage. He made the mistake of parking next to the constable's car while he went to his apartment to pack some clothing. When arrested he is reputed to have been in possession of stolen license plates. Preliminary hearing was in the court of Justice of the Peace Evelyn Bliss at which Hough was bound over to superior court.

The speedy work of the Tavern Garage employees in reporting the theft and the fast work of officers in apprehending the thief should serve as a warning that the Tavern Garage is a poor place to try a car theft.

C. O. Wheat, manager of the garage, said the plates on Shainwald's car were old ones that belonged to him which had been appropriated by Hough before the theft. Wheat said that if Shainwald should decline to press charges, he will do so.

Sportsmen Won't Like '46 Duck Rules Says Official

Information continues to come into the offices of the Associated Sportsmen of California to the effect that the migratory bird hunting regulations have been set and the U. S. Fish and Wildlife Service is awaiting culmination of its program designed to accustom sportsmen to the idea of a shortened season before releasing the new regulations.

The general theory now is that a 45-day season may be expected with a 10-duck bag limit. Opening day is expected to be around the first of November in the intermediate zone.

Albert M. Day, director of the wildlife service, told President Gus Gustafson of the Associated Sportsmen at

he Twin Falls, Idaho, fish and game conference, that the association would not like the regulations "one damned bit." The statement followed a conversation in which it was pointed out that regulations for California last year were almost precisely those recommended by the Associated Sportsmen.

This year's recommendation by the association were for an 80-day season beginning Oct. 15 with a 10-duck limit, possession limits the same and goose bag limits remaining as of a year ago.

Five Are Badly Hurt On Kingsbury Grade

Five persons were badly injured when the automobile went out of control on Kingsbury Grade near Lake Tahoe and hit a tree early on Saturday morning. The injured are Pat McFarland, James Fuller, Bob Pape, Robert MacDowell and Warren Gabrilla, all of Sacramento.

Mauna Loa volcano in Hawaiian Islands is the largest active volcano known to man.

Lost Lad Found Asleep Under Ledge after Hunt

TAHOE CITY— Constable Harry Johanson, who hit the sack around 6:30 AM Sunday morning, was called out shortly after he retired to assist in the search for a small boy who was reported lost in the vicinity of rural.

Squaw Valley where his parents were picnicking for the day. The child was later found asleep beneath the ledge of a rock about a mile from the campsite.

Six out of every seven counties in the United States are predominately rural.

MY PLACE in the SUN

by DOUG BARRETT

Political news from over the hill reminds me that this district will have an extra election shortly—that will be the one to replace State Senator Jerry Seawell. Seawell must go through the formality of being elected to the state board of equalization on Nov. 5. Then he will resign his present post and a special election will be called. One eager candidate has already hopefully put himself forward for the position and there are apt to be more from the three counties of the district—Placer, Nevada and Sierra. William Esterly, a civilian employee at Camp Beale but a resident of Grass Valley, has advanced himself for the people's choice. State Assemblyman "Scoop" Thurman has eliminated himself as a contender, preferring to hold his present post and otherwise the field is wide open. The problem is a grave one and the man to be replaced has been an excellent representative for his constituents. He has proved that it is a spot in which the right man can do a lot for the region—and the wrong one can do it a lot of harm.

AROUND TOWN: Just wonder how many of you know that Frank A. Titus used to be a railroad engineer.... Crystal Anderson is back around the village with a dandy tan....three of the brothers Rockholm, Jack Wolert and Dick Joseph holding a big side-walk conference....J. X. Smith, the Hobart Mills promoter, postponed his Ell Aye trip 'cause his right hand man took sick....Villa Dolley, on Truckee's quaint and quiet little side street, has been doing a roaring business this week—no vacancies.... glad to see Billy Gaienne back in good shape after his tonsilectomy.... Bud Zorich and Frank Titus are eagerly watching bus and train arrivals....it was with pleasure that I met Mrs. Walt Mandeville from Lake Tahoe this week; a lovely lady indeed....Bob Helms and crew finishing up painting the Riverside Hotel, a job long deferred....C. E. Beyer off in quest of the wily trout....Mary Zunino reports watermelon at \$14 each in Fairbanks, Alaska, and the rail trip all I predicted it would be....they tell me a pistol shoot worth watching could be staged between Ken Kolb of the California Highway Patrol and Bill LaMarr, our eagle-eyed game warden.

Inventor of Rail Brakes Was Born Century Ago

The railroad air brake invented by George Westinghouse when he was 23 prevented a grade-crossing accident on its first test in 1868. Within five years use of his brake had spread all over the world, including England, Europe, Japan, China, and even to Burma. Now 100 years after Westinghouse was born, his air brake is still the primary method of controlling rail traffic.

KILLED IN REVOLT . . . Disturbances that began with an uprising of students at the University of La Paz, resulted in the slaying of Pres. Gualberto Villoroel. Many others were killed or injured. President Villoroel seized power in December, 1943, through a military coup.

By CARL HELM

NEW YORK—Although the visitor who stops with Broadway and the nightclubs (which, after all, are just like nightclubs in Dallas or Duluth only more so!) never would know it, this capital of the world is its greatest seaport.

Way to sight-see it is from a Staten Island ferry—10c round trip for a seven-mile, one-hour ride across the Bay and a lungful of Atlantic Ocean air.

From the open decks of the big ferries you see Governor's Island army base, old Castle William fortress of pre-Revolutionary days; a close-up of the Statue of Liberty (room enough for 40 people in her head, or did you know?)

You pass steamships from all parts of the world, under a dozen different flags, swinging at anchor—you may see the Queen Mary or other of the ocean greyhounds entering or leaving the port. Pretend you're the President, and all these great ships are passing in review before you.

See whole freight trains on barges, being ferried by broad-shouldered little tugs; look out through the Narrows to the sea; hear the solemn toll of the bell buoys which mark the channel; watch the wheeling sea gulls; unlimber your camera for spectacular snapshots.

On the voyage back to the Battery, there's the picture postcard view of the lower Manhattan skyline, and the best sight of Brooklyn Bridge as it flings itself across to where the tree grows.... And think of the dough you've saved!

Astoria is Oregon's oldest city.

TAHOE BRIEFS

Mr. and Mrs. Hesley Bailey of San Gabriel were houseguests of the Phil Geiers at their home in Tahoe Park from Friday until Monday.

The lake level of Tahoe Monday stood at 6228.65 with 320 CSF of water elaving the gates in town. Precipitation for the week was .69 of an inch, heavy rains falling during Wednesday and Thursday last, after a heavy thunder storm. Warmest day of the week was on the 28th with 81 registered, the same day holding the record for the coldest morning with 41 degrees.

Charlie Warner is building two new duplexes of his own in the immediate vicinity of his home in the Bittencourt Tract.

The Sitka, first steamboat on San Francisco Bay, took six days and seven hours for its maiden trip to Sacramento in 1847.

Australia is almost the same size as the United States.

Washington was the first man to introduce mules into American agriculture.

It is estimated there are 15,000,000 dogs in the United States.

A GLASS ENGINE, designed and built by Shell scientists, lets them actually see how oil stands up under today's new stresses

Today's more powerful
gasolines call for this
more "powerful" motor oil

REMEMBER your first tankful of good, postwar gasoline? What an improvement it was! But that added power put new strains on your engine — gave your motor oil a tougher job.

To handle this extra lubrication load, new Golden Shell Motor Oil is fortified . . . made more "powerful." It has an oxidation inhibitor that fights gums, lacquers and sludge. And without these to clog oil lines and screens, your engine gets better lubrication.

We believe the added protection New Golden Shell gives your engine, new or old, is worth while. If you think so, too, ask the man at the Shell pump for New Golden Shell, the largest selling 25¢ oil in the West.

You'll dial calls all the way across the country

Some day, you will be able to complete a call to New York—or anywhere else in the country—almost as swiftly as a local call. For you will dial the number you want, and your call will be automatically routed across the country. Preliminary work on a nation-wide dialing system is already under way.

Uncannily accurate, switching equipment like this will do the job. Each section of the country will have a special three-digit code which you will simply dial before you dial the number you want. Between some neighboring cities here on the Coast long distance dialing will be a fact within the next few years.

This is only one of many long distance and local telephone projects included in our five-year four hundred million dollar expansion program. For it is our purpose to expand and improve service in every way we can . . . to make the telephone more useful and valuable to everyone.

An ever-improving telephone service at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.

The Pacific Telephone and Telegraph Co.

Commercial Row & Spring, Truckee
Telephone Truckee 50

Tahoe Letter

From SWANEE

Tahoe City, California.
July 28, 1946

Dear Tahoeites—

This Sunday has been one of those perfect days when one is happy just to be alive. A light breeze kept the day from becoming too warm and beaches were lined with vacationing visitors intent on soaking up all the sunshine possible during their stay with us. It's gratifying to note that the public in general has learned to acquire their healthy suntan in the sensible manner advocated by the medics. I stopped in at the Snack Shack at the Homewood Hotel this afternoon and watched the crowd of bathers for some time. Nearly all were armed with bottles of baby oil for their children and lotions for

themselves, and none appeared to be suffering from any cases of sunburn as in the old days. And I secretly admire the courage of the lean, the fat and the ungainly, who, along with the beautiful, bare their torsos to the health giving rays of Old Sol. Many a pain and an ache disappears with sensible and frequent exposition to the sun.

The lake today was filled with every type of boat...speedsters, rowboats and the trim little kyaks...popular with the youngsters. I'm going to be in favor of lowering the lake, as proposed in the future, to 6228 feet, instead of allowing it to reach the present maximum of 6229.1 as it will bring back to Tahoe the more spacious beaches of earlier days, that one food drop making a heap of difference in most localities.

Traffic continues to remain heavy and many service men are visiting the area. Note especially boys from the Navy and regret that Tahoe has no special accommodations to offer them. Gave several a lift last week and was sorry to learn they were unable to find a place to stay. Many fail to realize this is strictly a resort area and that rooms and cottages are really at a premium, especially this year, Tahoe's first big postwar season.

Hear that Billie Callender, son of the Ben Callenders of Waleswood, now at the navy boot training station at San Diego, has a very severe cold but won't report into sick bay for fear he might be put into another company, and that he doesn't want. The weather is extremely hot and Bill would give a lot to have a few

more days in the cool shade of the pine trees at his Tahoe home. Southern California weather is so hot his face is peeling from sunburn.

Son-in-law Bill Steenis is at last returned to civilian life after receiving his discharge at Camp Beale on Friday. Mrs. Evelyn Bliss, Tahoe's justice of the peace who is also the chairman of the Tahoe Red Cross, certified that Bill had a child, so his record was soon cleared despite the fact that the army had lost all of his papers. He is resting for the time being at the Truckee River home of Mrs. Elizabeth Walker and plans for the future are as yet indefinite.

As a result of a serious accident which occurred in front of Atherton's Store in Tahoe City on July 23rd, when Mrs. L. L. Godfrey of Woodland was struck and painfully injured while crossing the street, I have taken it upon myself, at the suggestion of Mrs. Harry Johanson, to write the AAA in San Francisco for the installation of three pedestrian cross walks in the business area. One is being requested at the corner of Grove Street and Highway 89, one at the steps leading down to the Tahoe Commons and one in the vicinity of Atherton's Store, making a convenient passage to the post office.

Mrs. Godfrey, who was taken to the office of Dr. C. E. Pedersen, was found to have suffered a broken collar bone, broken rib, and vertebrae and concussion. She was taken to a Woodland hospital for further treatment and observation. The driver of the car was not held as he was driving very slowly and Mrs. Godfrey and a daughter stepped from between parked cars, with bath towels over their heads to protect them from the pouring rain then in progress. Pedestrians and drivers alike are requested to exercise care in crossing the highway during these days of heavy vacation traffic.

Had the pleasure of greeting our old friends, the Richard Kirmans of Reno, today in town. They had stopped for a milkshake at Loynd's and both appeared in good health and spirits. Although they have sold their lovely lakeshore home near Pomin's Resort, they still take frequent motor trips around the lake they have loved and enjoyed for so many long years.

Had some grand letters from son Jimmie, still in Germany, but much of his letter cannot be published. He does say that he is again drilling for parade duty which isn't so pleasant under the hot sun. Most of his time is spent in duty in the post office and running around on his various jobs in his jeep. He and some of his buddies are now building solid model planes for pastime, and are hoping I can find them some paint with which to doll them up. He's praying his latest dope is correct...that he may be heading for home by mid-December.

Leave you for the week and hope by this time next week some light will have been thrown upon the perplexing, and discouraging building problem in our midst. Best wishes and may this present crisis clear the air for real prosperity and progress in the future. As ever, Swane

Mr. and Mrs. Eric Drhun were guests of the Charles Swansons for dinner on Thursday evening last. Other visitors during the day were Mr. and Mrs. Hank Slade, who are now planning to remain as permanent residents at their Tahoe Cedars home.

TAHOE BRIEFS

The 4-H summer camp at Lake Tahoe opened on Monday and 375 youngsters are to be registered during the season. This year the customary work projects are to be sidetracked for recreation, with games and hiking to be stressed. Old Tom Fillmore, well known Indian who worked for many years at Pomin's Resort, was in town on Sunday with a carload of his friends, selling the pine nuts he and members of his tribe harvest each year in the Nevada hills. He stopped while here to visit many old acquaintances who still remember him and his family, his son having served as a mechanic in the armed services during the last war.

Guests vacationing at Schlueter's Tahoe Park Cabins include three prominent Oakland attorneys and their families. They are Mr. and Mrs.

Kenneth Gillin, Mr. and Mrs. Tom Ledwich and Mr. and Mrs. Harold Raines and daughter.

On August 12th grammar will start the fall term with Mrs. Myrtle Galing returning to Tahoe to teach. There was a business meeting of the H and W Club on Thursday night last at the Phil Geier home. Those attending were Mr. and Mrs. Floyd Carnell, Mr. and Mrs. Ray Frazier, Mr. and Mrs. Jake Stuart and the Geiers. Refreshments were served at the conclusion of the meeting.

Big Bend Ranger Named On Chamber Committee

George G. Pollock, vice president of the Sacramento Valley Council of the California Chamber of Commerce, last week announced the appointment of Ranger Max Williamson of the Big Bend district, Tahoe National Forest, to the Travel and Recreation committee of the state chamber. Williamson's district along Highway 40 includes some of the finest summer and winter recreational areas in the

state. Both he and his family are skiing and outdoor enthusiasts and Pollock is counting on his familiarity with recreation activities in the formation of future programs.

In accepting the appointment Williamson pledged his support and interest in high class developments in the area, discouraging the establishment of transient operators who are not able to contribute to the permanent expansion and maintenance of the natural resources available in his zone of influence.

SOVIET OPA

By official decree of the government, prices recently were cut 40 percent in Moscow. Soap there now is only \$2.80 a cake, while cotton stockings have dropped to a mere \$2.40 and \$3.60 a pair. Men's suits sell for the set price of \$248 each, with overcoat pegged at \$430. The above-average income in Russia is about 10,000 to 15,000 rubles a year—\$2,000 to \$3,000.

NOTICE TO CREDITORS

In the Matter of the Estate of WILLIAM BOETTCHER, also known as WILLIAM BOTCHER, Deceased.

All bids must be accompanied by a payment of ten (10) per cent of the bid price and must provide for payment of the balance in full upon confirmation of sale.

Dated: July 24, 1946.
Henry C. Lichtenberger, Guardian of the Person and Estate of Arthur L. Lichtenberger, An Incompetent Person. A18

Committee Continues Winter Sports Study

(Delayed from July 25th Issue)
TAHOE CITY—The four man committee appointed by President Ray Fellows of Lake Tahoe Ski Club, which includes besides the president, Carl Bechdolt, Jr., A. M. Anderson, and Floyd Carnell, met at Tahoe Tavern on Thursday last with company and forest service officials in an effort to create a workable plan for cooperation between the Tavern owners and the local club. A map of landowners adjacent to the hill was made and they will be contacted for leases.

Ruel Gardner, tractor man, is ready to go to work pulling up the undesirable trees by the roots, which will be removed to build a new hill over a section of probably 100 feet. Usher Tucker, Tahoe woodsman, has agreed to remove the trees. Mr. Van Eer, who operates a lift at Soda Springs, came over to Tahoe and gave an estimate on the cost of a new T-Bar lift, which, if work is started, will take until November or December to install. This type of lift was chosen over the chair lift as it will handle three times as many skiers, being able to accommodate as high as 700 persons an hour, according to a local authority. It is a "sit and ski" affair and should handle any size crowd throughout the winter sports season.

The Tavern's proposal should be presented to the ski club some time this week, as all concerned are eager to get to work on the new grounds, which will cost in the neighborhood of \$50,000.

Man Accused in Car-Pole Crash Free on \$150 Bail

(Delayed from July 25th Issue)
TAHOE CITY—The case of Russell C. Patterson, Berkeley used car dealer who allegedly crashed and broke off a power pole at Tahoe City last week, has been postponed indefinitely. Patterson is at liberty on \$150 bail and has contacted his attorney in an attempt to trace his movements on the night in question when he was arrested for drunken driving. He is desirous of having the charge against him reduced and for time being, at least, has pleaded not guilty. The case will be heard at the convenience of District Attorney Clarence Tindall.

Stole Car from Tavern, Gets One Year in Jail

(Delayed from July 25th Issue)
AUBURN—Elmer C. Minckler, 29, New York, was sentenced to one year in Placer County Jail following a plea of guilty to charges of stealing an automobile belonging to E. W. Arnold, a guest at Tahoe Tavern, on July 1. He was sentenced by Superior Judge Lowell Sparks following arraignment in the court of Justice of the Peace Evelyn Bliss at Tahoe.

After stealing the car, Minckler collided with a car driven by a Tahoe woman and badly damaged the stolen vehicle on the Truckee River Road.

TAHOE BRIEFS

(Delayed from July 25th Issue)
The level of Tahoe on Sunday was 6228.63 with 320 CSF of water leaving the gates in town. Coldest day of the past week was on the 16th with 40 degrees and the hottest was on the 20th with 91 degrees registered.
Mr. and Mrs. Ewald Brodehl and son, Andy, of Lodi were guests at the Tahoe City home of the former's parents, the D. M. Brodehls. They returned home, accompanied by the local matron who will proceed to Oakland to be with her husband until his infected leg is well.

Tahoe Residents Escape In Automobile Mishaps

(Delayed from July 25th Issue)
TAHOE CITY—Al Henry of Henry's Garage on Saturday night was called out with his tow truck to pull a car out of a ditch near Chambers' Lodge. It had rolled over several times and was demolished. Occupants of the car were Robert Moore and Ralph Gallup, reported to be employed at the Ehrman Estate at Pine Lodge. Neither was hurt.

Mrs. Les Perry on Monday escaped serious injury when the family car had a blowout near the Tahoe City wye and went out of control, smashing a parked car. No one was reported seriously hurt. Rodney Yeakel, a neighbor, drove the Perrys to Reno later in the day for a checkup.

Ten Lake Club Women At Meeting of Wyethia

(Delayed from July 25th Issue)
TAHOE CITY—Ten members of the Women's Club of Tahoe motored to Truckee on Thursday last to attend the Wyethia Club meeting at their hall in town. Those attending and enjoying the afternoon included Mrs. Ben Callender, president of the Tahoe Club, Mrs. Phil Geier, Mrs. Floyd Carnell, Mrs. Ray Frazier, Mrs. J. Mahurin, Mrs. Joseph Duffee, Mrs. Gene Walker, Mrs. Carl Bechdolt, Jr., Mrs. Bob Scates and Mrs. Walter Mandeville.

The ladies all enjoyed the talk given by Mrs. Lilah Hazelton, northern district president.

The subterranean transcontinental telephone cable between San Francisco and New York was opened for service in December 1942.

CALL FOR BIDS TRANSPORTATION CONTRACTS

NOTICE IS HEREBY GIVEN that sealed proposals will be received at the office of the governing board of the Truckee Elementary School, located at Truckee, Nevada County, California, on or before the 5th day of August, 1946, at the hour of 7 o'clock P. M. for the transportation for pupils attending the school of the said Truckee Elementary School District for the period from September 9, 1946, to June 9, 1947, in accordance with the terms and conditions hereinafter set forth:

1. All transportation must be by motor vehicle equipped and operated in accordance with the California Vehicle Code and the Rules and Regulations of the State Board of Education of California.

2. Each bidder must specify in his bid that the bidder binds himself to jointly insure his liability and that of the board of the district for damage to property or injury to or death to person in the sum of \$5,000 for damage to property and in the sum of \$50,000 and \$100,000 for injury or death to person, such insurance to be carried in any insurance company authorized to transact the business of such insurance in California.

3. The routes over which transportation is to be furnished and the schedule upon which transportation is to be furnished and the approximate number of pupils to be transported are as follows:

Not more than twelve (12) pupils from Floriston and Boca to the Truckee Elementary School and return; eight (8) from Boca and Floriston to Meadow Lake Union High School in Truckee and return.

4. Complete details of routes, schedule and other matters may be obtained at the office of Mrs. Zulu Rablin, clerk of the Truckee Elementary School, Truckee, California.

5. The governing board of Truckee Elementary School District reserves the right to reject any and all bids.

In Placer Court—

Judge George Jones of Nevada county presided in the Placer county court on Monday.

At Homewood—

Mr. and Mrs. Eugene Wachhorst and daughter, Suzanne, of Sacramento are visiting at Homewood.

Returns from Trip—

J. A. Brown returned by way of Chicago from an extensive trip through Canada, his former home.

Bick Guests—

Mr. and Mrs. George Moopy of Tracy and Mr. and Mrs. Milo Hurto of Sacramento were guests of the R. P. Bicks during the week.

Kehm Discharged—

Art Kehm is back in Truckee following his discharge from the army during the past week at Camp Beale. Mrs. Kehm travelled to Marysville to meet him on the weekend. Kehm has been serving in the Philippines for several months.

In Cottonwood—

Mrs. Charles Brunk is expected home from Cottonwood during the weekend.

At Emigrant Gap—

Mrs. Ada Wray, former Truckee resident who has been living in Washington, is returning to her home at Emigrant Gap.

**Public Good**

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking
Ahead

FREEDOM of the press has been talked about more in the last few months than in the previous few years. Comment began when the Supreme Court ruled in favor of an editor who had been haled into court by a notable, who felt (perhaps justifiably) injured by something the editor had published. Not everybody thought the case would turn out as it did. Many were surprised.

I would not wish to review the case here, even if there were room for it, but I am glad the Supreme Court surprised a lot of good people and set them studying and talking about this purely American liberty, freedom of the press. Let me say this: You don't publish stories in the old country that hurt the feelings of potentates and get away with it!

Safety IN THIS country, it is assumed that a man is not fit for public office unless he can take all the razzing and criticism that goes with it and still hold his temper and do a good job. Think how long a crooked official might stay in office if he could protect himself from criticism all the time, and yet encourage newspapers to magnify the faults of other men who ran for his office.

It is recognized by law in the United States that the people are entitled to know what goes on. Public information is for the public good. In line with this very principle, the Post Office Depart-

ment will move 60 times more news tonnage for the money than letters which are private, not public. Our government considers spreading news an important public service.

Bridle THE LAW protects a publisher who makes known truths that are in the people's interest. It is for the public good. When the keen lash of publicity strikes the corrupt deeds of public payrollers, let the hit dog yelp. The press is a vocation of "checks and balances." Publishers have power they don't have to use, but if they use it they must use it for the public good.

Some day, I believe, these same checks and balances will control the powers of labor unions. Unions have done more to improve the living standards of the American people than any other organized movement. They have enhanced American freedom. The right of collective bargaining is as sacred as the right to vote, but some labor leaders have been known to abuse their power.

The famous Case Bill, with all its miscellaneous regulations for labor unions, almost passed but it is dead now. Many conservative thinkers will concede that it will be better if the unions regulate themselves for the public good, rather than having it done by law. Industrial peace must be achieved. Reform is inevitable. The workers can do it better than some bureau.

Vacationing—

Miss Yvonne Garrison of Sacra-

mento is visiting her parents, Mr. and Mrs. E. A. Meiss.

**Annual Budget Is Urged
By Director of Finance**

SACRAMENTO, August 1 —(UP)—Director of Finance James Dean today urged California voters to vote in favor of a measure to be on next November's ballot which would permit state budgets to be made by annually rather than every other year.

"We can predict costs much more accurately a year in advance rather than two years," the director said. "Besides, when someone comes in for an additional appropriation we can tell them to come back and put it in the regular budget next year with better luck than we can suggest they

talk to us about it two year from now."

Dean said the measure, which was on the ballot previously, was lost "through lack of interest and understanding."

Tonsils Out—

Billy Gaiennie had his tonsils removed at Reno on Tuesday and is well on the road to recovery.

From Fairfield—

Fred Roloff of Fairfield is spending a month at Tahoe City.

On Trip—

Mr. and Mrs. A. Ghirard are enjoying a week's vacation trip.

San Francisco was whaling headquarters of the Pacific in 1865.
